

CONSTRUCTION INDUSTRY ANNUAL AND PUBLIC HOLIDAYS

The Isle of Man Construction Industry Working Rules state that:

1. The following are recognised as public holidays: Good Friday, Easter Monday, Spring Public Holiday, TT Senior Race Day, Tynwald Day, Christmas Day, Boxing Day, and New Year's Day.
2. When Tynwald Day, Christmas Day or New Year's Day fall on a Saturday or Sunday, an alternative day or days of Public Holiday will be promulgated.
3. The holiday year will run from the second Monday in January;
4. Operatives are entitled to 21 days annual holiday with pay plus 8 days Public Holiday with pay as follows –
 - a) The Winter Holiday shall be seven working days taken in conjunction with Christmas Day, Boxing Day and New Year's Day, to give a winter holiday of two calendar weeks.
 - b) The Easter Holiday shall be Good Friday and Easter Monday. It shall be open to employers and operatives to agree that all or some of the Winter Holiday and/or Easter Holiday will be taken on alternative dates.
 - c) The Spring Public Holiday, TT Senior Race Day and Tynwald Day shall be taken as statutory days and in addition to the TT Senior Race Day, the four days prior will be taken to give a TT Race holiday week.
 - d) The Summer Holiday shall be two calendar weeks (ten working days), by mutual agreement, not necessarily consecutive, and to be granted in the 'summer period' (between 1st May and 31st October).

The arrangements for the Christmas and New Year holidays are made to reflect the school holidays, as this has been requested by contractors.

Whilst the promulgated holidays are intended to allow the industry to co-ordinate with each other, and identify employees' minimum entitlement, individual employers are free to reach **agreements** with employees to vary this arrangement.
